

Report of Repeater Status

The Texas VHF-FM Society strives to maintain the current status of all FM repeaters in Texas. Our members (including repeater trustees) can help us maintain current information by using this form to report the on-air or off-air status of a repeater. This form should be submitted to the Chairman of the Frequency Coordination committee. Contact information for the chairman can be found at <http://www.txvhffm.org/FreqCoord.htm>

Contact information for member submitting report:

Name: _____ Call sign: _____

Address: _____

City: _____, State: _____ Zip code: _____

Phone (h) _____ (w) _____ Email: _____

Repeater Transmit Frequency associated with this report: _____ MHz

Are you the trustee of this repeater? (circle one) Yes No

If you are the trustee, please use the space below to explain the status of your repeater and the expected return to operation date. You may attach a separate page if necessary.

If you are a member reporting the on-air status of a repeater, please use the following space to report the attempts to access the repeater in question. Since some repeaters may be off the air temporarily, we ask that you attempt to access the repeater at least three times across a time period of one month before submitting the report.

Attempt #1:

Date _____ Time _____ AM/PM PL Tone utilized _____ TX Power _____

Location where you attempted to access repeater _____

Attempt #2:

Date _____ Time _____ AM/PM PL Tone utilized _____ TX Power _____

Location where you attempted to access repeater _____

Attempt #3:

Date _____ Time _____ AM/PM PL Tone utilized _____ TX Power _____

Location where you attempted to access repeater _____

Signature _____ Date Submitted _____
